Food Recall 15/09/2021

The Food Safety Association, Ireland have recently issued a recall on the following product:

- 1) **The Hemp Company, CBD Oil Original, 10ml.**
Batch no: 10-10-139, Best Before Date: 04/2021

The product identified by FSAI falls outside the recommended daily amount of THC, as per their Feb 2020 regulation changes. However this product was already on the market prior to those changes and the labelling reflects the known dosage directions at that time.

We no longer have the implicated batch in stock as it is out of date and no longer for sale. In the unlikely possibility that any of our customers are in possession of product from this implicated batch we ask that these are returned to us.

WE APOLOGISE FOR ANY INCONVENIENCE CAUSED TO CUSTOMERS

THE HEMP COMPANY---- 167 Capel St, Dublin 1
email: wholesale@hempcompany.ie

Please be assured that all our current stock carries dosage directions consistent with FSAI up to date instructions.
